

Hand Building Pottery with Tar Paper

On a special type of paper called tar paper we will be designing our own pottery dinnerware. We will design the piece on the paper and then use the paper pattern to cut and build a pottery piece. The use of the paper allows us to build bigger pieces in a short amount of time. So, bring your engineering and design skills to this camp and create your own unique piece.

When: Tuesday, January 31 and
Thursdays, February 2, 9, 16, and 23

Times: 5:30 to 7:00PM

Where: Robbins Recreation Center

Ages: 11 to 14 years old
